"Lyra and "American Lady"

Having a perfect figure and well fitting gown means wearing just the right corset for your individual figure, and wearing it right. Madame Lyra should best understand the art since she has been and is the corsetiere to nearly all of the leading queens of the stage. The famous expert's indorsement of the "American Lady," not less than the "Lyra" corsets is supplemented by the assurance of the Greater Palais Royal's resident expert that every new style and every size of these famous corsets can be found here.

Demonstrations—by Expert Corsetieres.

Every day adds enthusiasm on the part of the ladies of Washington in the Greater Palais Royal Madame Lyra and American Lady Corset Demonstrations. Expert corsetieres are here and every visitor is promised to be made wise. The corsetiere's here know the science of corsets, how to choose a model for you, how to fit it to you. Herein lies the secret of smart dressing, the corset, of course, being the foundation of the gown and one's whole appearance.

Models Here for Every Phase of Form.

No less than twenty-five different styles of "Lyra" Corsets at various prices, from \$5.00 to \$12.00. The "American Lady" is represented in twenty-seven different styles at \$1.00 to \$5.00. All sizes here in each style.

Special, \$3

Samples at Nominal Prices

The new models have been daily used for demonstrating purpose—which models are to be collected tomorrow and distributed at prices that are quite nominal.

"Lyra" Models at \$3.50, \$5.00, \$7.00 and \$9.00

Not one of these models was less than \$5.00, and many of them are \$12.00 values. If the visitor will leave it to the "demonstrator" a model will be found and fitted that will prove ideal, with the added satisfaction of a saving of dollars in the cost.

"American Lady" Models at \$1.00, \$2.00 and \$4.00

For as little as \$1.00 are new models with long hips, giving all the effect of expensive French Corsets. At \$2.00 are girdle top models to assure unusually straight hips. At \$4.00 are many models, among which is the ideal for the short and stout figure.

Special Features of the New Models.

The new models, reflecting the latest fashion dictates, conform to the line of the natural figure, producing the graceful straight-hipped silhouette. Every correctly gowned woman should look supple, and, as it were, uncorseted. This is difficult, generally speaking, but easy with the new "Lyra" and "American Lady" models.
